

Pier Security Screen

❖ Project Summary

The **Pier Security Screen Project** consists of an aluminum fence like structure positioned to encompass pier bait shop and a section of the landward portion of the Deerfield Beach International Fishing Pier.

❖ Project Funding Source:

City of Deerfield Beach Parks and Recreation Fiscal Year Budgeted Funds: \$29,203.99
--

❖ Project Milestones

- Construction start date: January 2017
- Estimated substantial completion date: March 2017
- Projected project cost is \$29,203.99

❖ Contact Information

- For additional information regarding the Pier Security Screen, please email cdabrusco@deerfield-beach.com or call Charles DaBrusco at 954-770-4246.

Current and Upcoming Construction Activities

- Security screen sections are currently being fabricated off site; upon completion will be fitted to the building and pier structures.
- Once on-site fitting is completed, screen sections will be removed and shipped out for application of an anodized coating to protect the aluminum from the environmental effects of a coastal environment.
- Pier screens will then be permanently installed.
